JOINT INTAKE EXERCISE (JIE) 2021

17 Dec 2020 (2.30pm) – 21 Dec 2020 (5pm)

Managing Your Emotions and Making Your Decisions

When you receive your results, you may feel overwhelmed by emotions. Managing these emotions well will allow you to stay calm and make rational decisions.

STOP

Stop any unhelpful thoughts or actions that would make you more upset. Inhale deeply and exhale slowly using 10 counts as you relax your muscles. Acknowledge your emotions.

THINK

Think through the different options that are available for you. Keep things in perspective. Remember that N-Level is just one part of your life journey and not the destination.
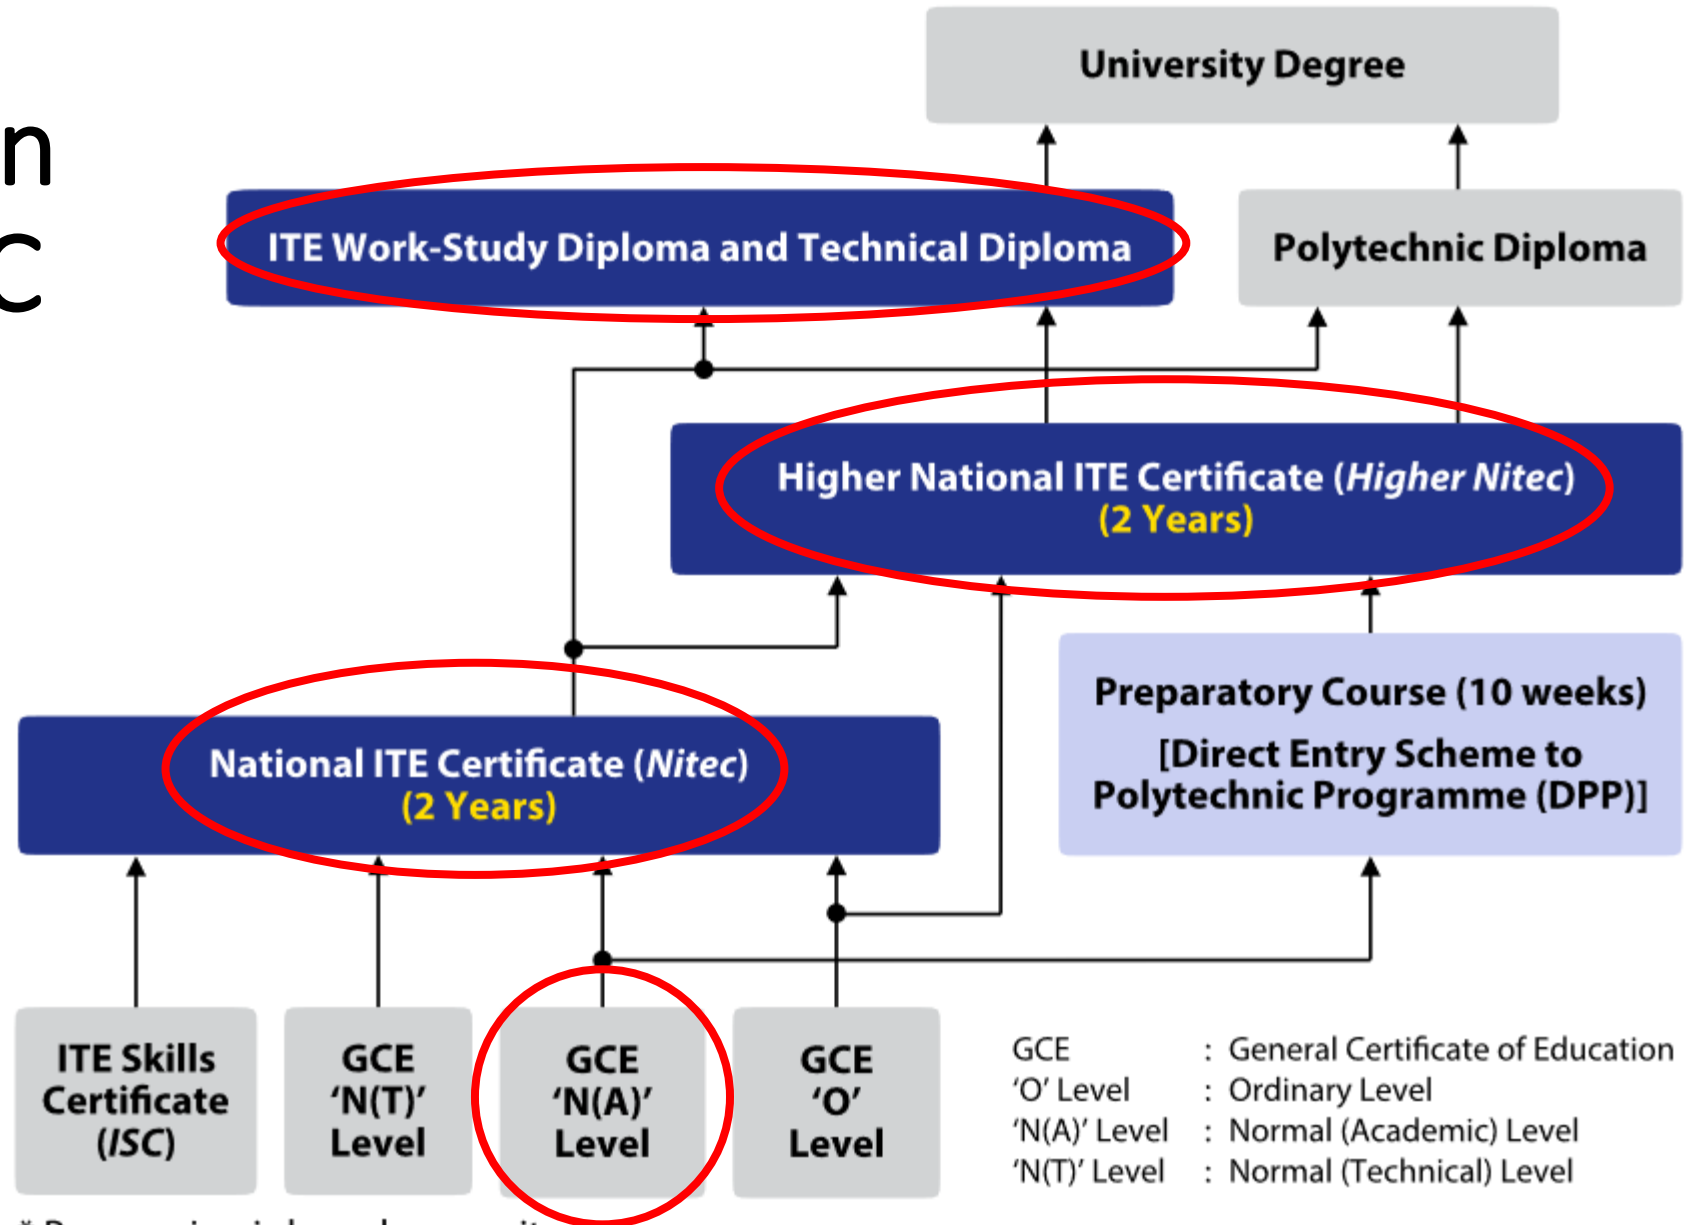

DO

Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you. Make a decision based on your options and take action.

What are the *PATHWAYS* available to me?

JIE 'N' – Nitec Course (2 Years)

- Read the JIE booklet and shortlist the courses you are ELIGIBLE for (check Form N) and INTERESTED in. Check if your options offer you a progression from Nitec to a relevant course in Higher Nitec or Polytechnic.

- **Some Nitec courses require you to attend an interview.** If you are applying for such a course and are shortlisted for interview, the **interview date will be Wed 23 Dec 2020, Thur 24 Dec 2020 (morning), and Mon 28 Dec 2020**.

- Some interviews are conducted online while the rest are conducted on-campus. **You must check on Tue 22 Dec 2020 (from 2pm) to see if you are shortlisted for an admission interview, and if so, to note your interview slot and mode.**

- Some Nitec Courses are also available as Traineeship.

https://www.ite.edu.sg/admissions/traineeship

JIE(H) – Direct Entry Scheme to Polytechnic Programme (DPP)

Instead of progressing to Sec 5N(A), students may consider enrolling directly into **two-year *Higher Nitec* courses at ITE** through the Direct-Entry-Scheme to Polytechnic Programme (DPP).

ITE offers 18 full-time Higher Nitec courses under DPP.

DPP students who **successfully complete their *Higher Nitec* courses and attain the minimum qualifying Grade Point Average (GPA)** are subsequently guaranteed a place in a polytechnic diploma course **mapped** to their *Higher Nitec* course.

JIE(H) – Direct Entry Scheme to Polytechnic Programme (DPP)

- Following the release of the GCE N(A)-Level results in December 2020, DPP-eligible students may submit an application online via the DPP application portal (https://www.ite.edu.sg/admissions/full-time-courses/higher-nitec/application-for-higher-nitec).

- Successful applicants will be required to attend a 10-week preparatory course prior to commencing their *Higher Nitec* courses.

- More information can be found at https://www.ite.edu.sg/admissions/full-time-courses/higher-nitec/direct-entry-scheme-to-polytechnic-programme.

Eligibility

Secondary 4N(A) students who sat for their GCE N-Level examinations in 2020 as a school candidate and have met the following requirements are eligible to apply:

⭐   a. Obtained an ELMAB3 aggregate of 19 points or better (excluding CCA bonus points); and

⭐   b. Met the following course-specific entry requirements:

For Applied Sciences, Engineering and Info-Communications Technology courses:

GCE N-Level subjects	Minimum Required Grades
English Language Syllabus A	4
Mathematics (Syllabus A/ Additional)	4
Any three other subjects excluding CCA	5

For Business & Services courses:

GCE N-Level subjects	Minimum Required Grades
English Language Syllabus A	3
Mathematics (Syllabus A/ Additional)	4
Any three other subjects excluding CCA	5

In addition, Secondary 4N(A) students who offered **GCE O-Level examination subjects** in 2020 (and those who offered GCE O-Level Mother Tongue in Secondary 3 in 2019) may combine their grades from these examinations with their N(A)-Level results to apply for the DPP. In doing so, they may use the following grade conversion table for computation of their ELMAB3 aggregates:

GCE O-Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7-E8	3

The GCE O-Level grade of 9 and GCE N(A) grade of U will not be considered for computation of the ELMAB3 aggregate score. If a student has taken the same subject at both the GCE N- and GCE O-Level examinations, only the better of the two grades will be used in the computation of his/her ELMAB3 aggregate to determine DPP eligibility.

Eligibility does not guarantee placement in a DPP course. More information on eligibility requirements for the DPP can be found at https://www.ite.edu.sg/admissions/full-time-courses/higher-nitec/direct-entry-scheme-to-polytechnic-programme.

Students who had accepted an offer through the ITE Early Admissions Exercise (EAE) are eligible to apply for the DPP, should they have met the requirements outlined above.

JIE(H) – Direct Entry Scheme to Polytechnic Programme (DPP)

- **Students who have sat for both GCE N- and GCE O-Level examination subjects can apply for the DPP prior to the release of their GCE O-Level results**. They may submit an application in December using both their GCE N-Level results, and results from their school-based preliminary examinations for O-level subjects. Students who are successful in their DPP application will receive an offer for a DPP course. **Upon the release of the O-Level examination results, ITE will verify if applicants who had used school-based preliminary examination results for admission have fulfilled the criteria for admission to the DPP.**

- Students who are newly-eligible for the DPP after the release of the O-Level results in 2021 may also apply in January 2021.

- When submitting their applications online, students will be able to select up to twelve course choices. Students are also advised to provide updated contact details in their applications so that ITE and/or schools can contact them if necessary.

Polytechnic Foundation Programme (PFP)

The PFP is a diploma-specific foundation programme conducted over two academic semesters at the polytechnics by polytechnic staff. Students who successfully complete the PFP will progress to the first year of their chosen diploma course in the same polytechnic.

Eligibility

Sec 4N(A) students who have sat for their GCE N-Level examinations in 2020 as a school candidate are eligible to apply for the PFP if they:

⭐ a. Obtain an ELMAB3 aggregate **not** exceeding **12** points prior to deducting CCA bonus points; **and**

⭐ b. Meet the following subject-specific requirements of the courses[1] they are applying for:

For Courses featured in Group 1	Minimum Required Grades
English Language Syllabus A	3
Mathematics (Syllabus A / Additional)	3
One of the following relevant subjects: • Science (Physics, Chemistry) • Science (Physics, Biology) • Science (Chemistry, Biology) • Food and Nutrition • Design and Technology	3
Any two other subjects excluding CCA	3

For Courses featured in Group 2	Minimum Required Grades
English Language Syllabus A	2
Mathematics (Syllabus A / Additional)	3
One of the following relevant subjects: • Principles of Accounts • Literature in English • History • Humanities (Social Studies, Geography) • Humanities (Social Studies, History) • Humanities (Social Studies, Literature in English) • Geography • Art	3
Any two other subjects excluding CCA	3

Sec 4N(A) students who have sat for GCE O-Level examination subjects in 2020 (and those who sat for GCE O-Level Mother Tongue in 2019) may use the following grade conversion table for computation of their ELMAB3 aggregates:

GCE 'O' Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7	3

The O-Level grades of E8 and 9 will not be considered for computation of the ELMAB3 aggregate score. If a student has taken the same subject at both the GCE N- and GCE O-Level examinations, only the better grade will be computed towards his/her ELMAB3 aggregate to determine PFP eligibility.

Eligibility does not guarantee placement in a PFP course. Placement is subject to the availability of vacancies and in open competition with other eligible applicants based on merit. More information on eligibility requirements for the PFP can be found at the following URL: https://pfp.polytechnic.edu.sg/PFP/pfp_eligibility.html.

Application

Upon release of the GCE O-Level results in January 2021, all PFP-eligible students may submit an application online via the PFP portal at https://pfp.polytechnic.edu.sg/PFP/index.html. The application window for PFP will open at 2.00 pm on the day the GCE O-Level results are released (Day 1) and will remain open for five days thereafter (at 4.00 pm on Day 5 as the last day for application). During this period, Sec 4N(A) students will have time to consult their teachers, parents and friends, as well as to visit the polytechnics to obtain more information on courses that they may be interested in. More details on the PFP application dates will be made available on the PFP portal following the release of the GCE O-Level results.

More information can be found at https://pfp.polytechnic.edu.sg/PFP/index.html.

Students interested in PFP & DPP:

4N(A) students have the following options in applying for the PFP and DPP:-

(a) Students who are **only interested in applying for the PFP** **should first progress to Sec 5N(A)**, even if they meet the PFP eligibility criteria based on their GCE N(A)-Level results in December 2020. They may then **apply for the PFP upon release of the GCE O-Level results in January 2021. If their application is successful, they will withdraw from Sec 5N(A) by the end of January 2021. All PFP-bound students are required to attend Sec 5N(A) classes in their secondary schools up till the last Friday of January 2021, i.e. 29 January 2021.**

(b) Students who are **only interested in applying for the DPP** **should do so once they receive their GCE N(A)-Level results in December 2020**. Should they accept a DPP offer, they will not be required to return to their secondary schools for Sec 5N(A).

Students interested in PFP & DPP (con't):

(c) **Students who are interested in applying for both the PFP and DPP** are encouraged to consider carefully their interests and strengths, as well as the courses offered under both programmes.

For more information on the PFP and DPP, as well as the courses offered, students may refer to the PFP website (https://pfp.polytechnic.edu.sg/PFP/index.html) or the DPP website (https://www.ite.edu.sg/admissions/full-time-courses/higher-nitec/direct-entry-scheme-to-polytechnic-programme).

One option for students who are interested in both the PFP and DPP is to first progress to Sec 5N(A) and then apply for both the PFP and DPP upon release of the GCE O-Level examination results in January 2021. **Students who are offered a place in both the PFP and DPP may only accept one course offer. Students who accept both offers will have both offers voided**. If their application to either the PFP or DPP is successful, they will withdraw from Sec 5N(A) by the end of January 2021.

For students who have already applied for and accepted their DPP offer prior to the release of the GCE O-Level examination results, their secondary school will contact them to collect the PFP eligibility form (Form P) if they are eligible for PFP after the release of the GCE O-Level results. For students who decide to apply for and accept their PFP offer in January, they will need to apply for withdrawal from the DPP course. **Applicants can apply for a refund of his/her DPP enrolment fees, subject to ITE's approval.**

Progression to Sec 5NA

Sec 4N(A) students can be promoted to Sec 5N(A) if they satisfy **all** the following criteria:-

(a) Obtained an ELMAB3 (EL, Mathematics (MA) and best three other subjects) aggregate score of 19 points or less; and

(b) Obtained at least an N(A)-Level Grade 5 for all subjects used in the computation of ELMAB3.

Apply at the General Office in person by 21 Dec 2020 (12pm).

*Students who sat for O-Level subjects may use their preliminary examination results to compute for eligibility for now.

For students to note:

All Sec 4N(A) students who **do not have a confirmed place** in the DPP or *Nitec* programme at ITE following the release of the GCE N-Level results in December 2020, but are **eligible for progression to Sec 5**, should **report to their secondary schools on 4 January 2021 (Mon) to continue with Sec 5**.

Retention at 4NA

4N(A) students who wish to repeat their GCE N(A)-Level Examination will need to satisfy a set of criteria.

For more information, please speak to Ms Ong.

Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

All N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for *Nitec* courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the 3-year *Nitec* Programme (eNFP).

If you are eligible for eNFP, make sure you apply for the 2-year Nite first before applying for eNFP!
The eNFP helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your *Nitec* course!

If you are counter-offered a course, accept it first before appealing to another course you may be more interested in!
