

*Bartley Secondary School  
Parenting Talk 2022*

# Parents as Partners

- The School views parents as partner-in-education in providing a holistic education for your child.
- One of the ways the school supports parents is by organising parenting talks to enhance your parenting knowledge and skills to better support your child.

# *Preparing your child for Secondary School*

Moving from primary to secondary education can be a daunting phase for our children. They will face challenges which include:

- Greater number of subjects to manage
- A new school environment to get used to
- New friendships to forge, and
- A slew of physical, emotional and mental changes that come along with puberty

**What can you do to better support your child in the new phase of their lives?**
